## Description :

Prsentation de l'diteurTake your craft to another level with this imaginative approach to crochet. More than just a manual on techniques or a pattern book, this guide shows how to transcend the use of traditional hooks, stitches, and yarns to produce truly innovative creations. A pioneering work in freeform crochet, the book is suitable for all ages and levels of expertise. It provides beginners with the chance to master basic stitches, and it offers advanced crocheters the opportunity to discover new ideas, colors, and designs. More than 80 color photographs and 49 line drawings with captions illustrate everything from stitches to garment construction to finished products. A concluding section of practical information explains abbreviations and terms, and every chapter encourages the development of personal creativity and individual style.
