Description :

Prsentation de l'diteurThis near-future trilogy is the first chance for English-speaking readers to experience this multiple-award-winning phenomenon from Cixin Liu, China's most beloved science fiction author. In The Dark Forest, Earth is reeling from the revelation of a coming alien invasion-in just four centuries' time.

The aliens' human collaborators may have been defeated, but the presence of the sophons, the subatomic particles that allow Trisolaris instant access to all human information, means that Earth's defense plans are totally exposed to the enemy. Only the human mind remains a secret. This is the motivation for the Wallfacer Project, a daring plan that grants four men enormous resources to design secret strategies, hidden through deceit and misdirection from Earth and Trisolaris alike. Three of the Wallfacers are influential statesmen and scientists, but the fourth is a total unknown. Luo Ji, an unambitious Chinese astronomer and

sociologist, is baffled by his new status. All he knows is that he's the one Wallfacer that Trisolaris wants dead. The Remembrance of Earth's Past Trilogy: The Three-Body Problem, The Dark Forest, Death's End. Other Books: Ball Lightning (forthcoming). At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Revue de presse: 'A milestone in Chinese science fiction' --New York Times; 'The best kind of science fiction' --Kim Stanley Robinson; 'Vivid, imaginative and rooted in cutting-edge science... Cixin stands at the top tier of speculative fiction in any language' --David Brin. Presentation de l'auteur: This near-future trilogy is the first chance for English-speaking readers to experience this multiple-award-winning phenomenon from Cixin Liu, China's most beloved science fiction author.
