Description :

Prsentation de l'diteurKestrel is a resident and guard in the Elven nation of the Eastern Forest, typical in every way except that his partial human heritage makes him the victim of discrimination by those of pure Elven ancestry. And when the elves face war with the humans of the neighboring nations, Kestrel is distrusted and removed from combat duty. But the gods of both races see a roll for Kestrel to play in a greater, and more sinister battle that will consume humans and elves alike, and they shower him with favors that press him into a new service as an elven spy. Only his superiors never expected Kestrel to find the life of the humans to be so appealing or his adventures to spin so far beyond expectations.Prsentation de
