Description :

Prsentation de l'diteurThis is the story of my 35,000 kilometres ride from Sydney to London on a 105cc Honda called Dorothy. It was journey of nine months, through eighteen countries, with barely any planning, hardly equipment, just setting off one day and hoping that somehow I'd make it to the other side of the world. The book was originally released by HarperCollins in Australia where it is known as Going Postal. This is the international release, with a few changes to the text and a list of images and videos at the end. Hope you enjoy.Prsentation de l'diteurThis is the story of my 35,000 kilometres ride from Sydney to London on a 105cc Honda called Dorothy.
